

COMPANY PROFILE

BUILT ON TRUST
DRIVEN BY QUALITY
DELIVERED WITH CONFIDENCE

FROM **VISION** TO **REALITY**

Welcome to VELTEC

Building Quality. Delivering Solutions. Creating Value.

VELTEC General Contracting is a UAE-based contracting company providing integrated engineering, construction and technical solutions. Our service focus includes Mechanical, Electrical and Plumbing (MEP) works, power generation solutions, building fit-out and authority approval coordination.

Our Commitment

We aim to deliver practical, efficient and cost-conscious solutions while maintaining high standards of quality, safety and professional execution. From initial planning and project coordination through installation, testing and completion, VELTEC works toward becoming a trusted partner for clients seeking reliable contracting services.

Our Operating Principle

Understand the requirement. Coordinate technical interfaces. Plan resources and access. Execute safely. Verify quality. Complete the documentation and handover.

Who We Are

About the Company

VELTEC General Contracting was established in Abu Dhabi in October 2026 with a vision to provide dependable engineering and contracting services built on professionalism, technical understanding and long-term client relationships. We understand that successful projects require more than execution: they depend on coordination, communication, technical planning and disciplined workmanship.

Our Vision

To become a respected and trusted contracting company in the UAE, recognized for technical competence, consistent quality, reliable delivery and customer satisfaction.

Our Mission

To provide integrated contracting and engineering solutions that meet client expectations through skilled execution, effective project management, safe working practices and continuous improvement.

Core Values

Trust, quality, safety, accountability, coordination, responsiveness and delivery.

Our Core Services

01 **MEP Works**

Electrical, mechanical and plumbing installation, modifications, technical coordination, inspection and commissioning support.

02 **Generation Solutions**

Generator and associated power-system solutions, including installation interfaces and coordination, subject to project and regulatory requirements.

03 **Fit-Out Works**

Interior fit-out, refurbishment and building modifications, integrating architectural finishes with MEP and electrical systems.

04 **Authority Approvals**

Technical drawing, documentation, inspection and approval-process coordination with the relevant UAE authorities.

MEP Works

Mechanical, Electrical & Plumbing Solutions

We provide installation, coordination, maintenance support and technical services for building electromechanical systems, with attention to constructability, access, interfaces and handover requirements.

- Electrical installations and distribution systems
- Lighting and power systems
- Electrical containment, conduits, trays and cabling
- Mechanical and HVAC-related installations
- Plumbing and associated building services
- Electrical and MEP system modifications
- Testing, inspection and commissioning support

Execution Focus

Scope review, shop drawing coordination, material and resource planning, safe installation, inspection readiness, functional checks and documentation.

Generation Solutions

Reliable Power Solutions

VELTEC supports generator and associated power-system requirements through supply coordination, installation support and technical interface management where permitted by the applicable project requirements and regulatory framework.

- Diesel generator solutions and equipment coordination
- Temporary and standby power applications
- Generator installation and positioning
- Associated electrical connections and interfaces
- Power distribution support
- Testing and commissioning coordination

Project-Specific Scope

Equipment supply, specialized testing, utility interfaces and statutory approvals are subject to the agreed scope, supplier capabilities, competent specialists and applicable authorizations.

Fit-Out Works

Functional Spaces with Quality Finishing

VELTEC provides fit-out and associated technical installation solutions for commercial, residential and other building environments, with coordinated execution across finishing and building-services trades.

- Interior fit-out works
- Building modifications and refurbishment
- Electrical and MEP installations for fit-out projects
- Lighting and power modifications
- Coordination of finishing and technical works
- Installation support for specialized areas
- Snagging, quality checks and handover readiness

Authority Approvals

Documentation and Approval Coordination

VELTEC provides technical assistance and coordination for relevant authority processes in accordance with applicable UAE requirements. The service is coordination support, not a guarantee of approval.

- Engineering documentation coordination
- Technical drawings and submittal support
- Electrical inspection coordination
- Project compliance documentation
- Coordination with relevant utility and regulatory authorities
- Inspection and approval follow-up

Important Qualification

All applications, inspections and approvals remain subject to the requirements, decisions and jurisdiction of the relevant authorities. Regulated design or certification tasks require appropriately authorized professionals.

Why Choose VELTEC?

01 Technical Understanding

Practical engineering solutions aligned with project specifications and site conditions.

02 Quality & Safety

Quality workmanship, safe execution and compliance with project requirements.

03 Reliable Coordination

Clear communication between clients, consultants, contractors and technical teams.

04 Cost-Conscious Solutions

Efficient execution methods balancing technical performance, quality and cost.

05 Customer Commitment

Responsive service, transparent communication and lasting professional relationships.

Our Working Approach

01 Understanding the Requirement

Review project scope, drawings, client expectations, site conditions and interfaces.

02 Planning and Coordination

Develop an execution strategy, resource plan, sequencing and technical coordination.

03 Execution

Deliver organized site activities with supervision, safe working methods and quality control.

04 Inspection and Handover

Support testing, inspections, as-built documentation, snagging and project completion.

Quality, Health & Safety

Quality Management

VELTEC aims to follow approved specifications, materials, drawings, inspection procedures and project documentation requirements. Our focus includes workmanship, traceability, snag prevention and complete close-out records.

Health & Safety

We emphasize task planning, risk awareness, appropriate personal protective equipment, toolbox talks, housekeeping, access control and compliance with site-specific HSE requirements.

Delivery Control

Project performance relies on resource planning, material readiness, coordination of subcontractors and interfaces, progress reporting, inspection readiness and timely resolution of site issues.
